

ADRIAN ROSIPAL

30 Rue de la Republique, Antibes, 06600 – France

+33 0628249461

adrian.rosipal98@gmail.com

Bilingual software engineer with expertise in front-end development, specializing in scalable, user-focused web applications using modern frameworks (React, Angular). Experienced and prove success in delivering scalable web applications and leading projects for multinational clients in EMEA. Combines technical proficiency with strong problem-solving and cross-cultural collaboration skills.

EXPERIENCE

03/2024 – Present

FRONTEND DEVELOPER, AMADEUS– NICE, FRANCE

- Develop and integrate features (booking, payment, email) using Angular, TypeScript, Redux, and RxJS.
- Maintain applications, resolve technical issues, and provide customer support in a modern tech stack.

08/2023 – 03/2024

IT CONSULTANT, AMADEUS– NICE, FRANCE

- Acted as a primary point of contact for multiple airlines across the EMEA region. In my role as a Project Manager and Implementation Manager, I successfully led a booking system migration project for a major airline.
- Additionally, delivered several smaller projects for various airlines, ensuring successful outcomes and meeting client expectations.

09/2022 – 03/2023

FRONT END DEVELOPER, ADAPTIVE CONSULTING SLU – BARCELONA

- Completed a three-month Early Careers program, delivering a stock trading platform in an Agile environment.
- Transitioned to a team focused on developing an internal library after successful program completion.
- Enhanced trading platforms using React, Tailwind, and Typescript while collaborating within Agile teams.

08/2019 – 08/2020

BUSINESS SUPPORT ANALYST, IBM – GREENOCK, SCOTLAND

- Managed reporting for multiple projects, including VAT implementation and SAP system transitions.
- Led Scrum meetings and improved decision-making skills in IT applications (SQL, Rational Tool).
