

ADRIAN ROSIPAL

30 Rue de la Republique, Antibes, 06600 – France

+33 0628249461

adrian.rosipal98@gmail.com

Dedicated bilingual software engineer with a strong foundation in front-end development and a master's degree in software development. Experienced in building and optimizing scalable, user-focused web applications using modern frameworks such as React and Angular. Adept at collaborating within Agile environments, with proven success in delivering impactful projects for multinational clients in the EMEA region. Combining technical expertise with effective problem-solving skills, I am committed to delivering high-quality software solutions and embracing continuous learning to stay ahead in a rapidly evolving industry.

EXPERIENCE

03/2024 – Present

FRONTEND DEVELOPER, AMADEUS– NICE, FRANCE

I have been responsible for developing and integrating new functionalities into the application while ensuring seamless performance. Developed and integrated several features for the booking process, payment as well as emailing functionality. I am also responsible for maintaining the application and offering customer support to address user requirements and resolve technical challenges. My work is carried out in a modern tech environment that includes TypeScript, Angular, Redux, RxJS, Karma, and Jasmine.

08/2023 – 03/2024

INFORMATION TECHNOLOGY CONSULTANT, AMADEUS– NICE, FRANCE

Served as the direct point of contact for multiple airlines across the EMEA region. In my role as a Project Manager and Implementation Manager, I successfully led a booking system migration project for a major airline. Additionally, I delivered several smaller projects for various airlines, ensuring successful outcomes and meeting client expectations.

09/2022 – 03/2023

FRONT END DEVELOPER, ADAPTIVE CONSULTING SLU – BARCELONA

As a Software Engineering Trainee at Adaptive, I initially participated in the Early Careers programme where I worked on several projects using Agile methodology, mainly focused on developing trading platforms. During my 6-month tenure, I significantly improved my front-end skills, particularly in React, CSS, and HTML, as well as honed my Git usage skills. Throughout the projects, I closely followed the Agile development methodology and collaborated with colleagues from New York and London, which greatly enhanced my communication and teamwork abilities across different time zones and cultures. Working in a fast-paced and constantly evolving environment helped me to prioritize and make effective decisions.

Overall, my time at Adaptive provided a fantastic opportunity for me to build on the skills I acquired during my education and internships while gaining practical experience in a professional setting.

01/2022 – 03/2022

ADVISORY INTERN, PRICEWATERHOUSECOOPERS– BRATISLAVA, SLOVAKIA

I was part of the Advisory department at PWC. I also underwent an Appian Bootcamp for the

Appian development team at PWC.

08/2019 – 08/2020

BUSINESS SUPPORT ANALYST, IBM – GREENOCK, SCOTLAND

I was responsible for reporting in support of multiple projects (Angola VAT, SAP Cross Brand Solution (CBS) to SAP iERP merge for AP Geo, and the IBM SAP Concur Travel team. I was also responsible for leading weekly Scrum meetings for Indirect QTC projects during which we deployed to several European countries. I developed strong communication and presentation skills, improved my independent decision-making skills together with a higher level of experience in IT (SQL, Tomato Tool, Rational Tool) applications.

06/2018 – 09/2018

LOAN DIVISION INTERN, BNP PARIBAS PERSONAL FINANCE – BRATISLAVA, SLOVAKIA

Summer intern in Personal Loans Division with responsibilities for customer liaison, account set-up and money transfer throughout Europe. Developed teamwork, communication, financial management, IT and attention to detail skills.

2017 – 2019

ADMINISTRATION EMPLOYEE, NUCEM – BRATISLAVA, SLOVAKIA

Administration assistant with responsibilities for school distribution, monitoring and data analysis of National Education Certificate Examination. Developed strong teamwork, IT (MS Office) and attention to detail skills.

INTERESTS

I enjoy volunteering and have significant charity experience in Slovakia and the USA. I was also a member of the GCU University Business Challenge team which is a UK wide enterprise competition for undergraduates involving business simulations and creativity tasks. This has improved my personal confidence and leadership abilities. I enjoy reading, traveling, finance & investing.
